THE

BARRISTER

James Goodnow, 37

**PRESIDENT AND
MANAGING PARTNER,
FENNERMORE CRAIG**

What happens when a hot shot, tech-savvy millennial attorney meets a law firm decades older than Arizona itself? He becomes the youngest president in Fennermore Craig's history - and harnesses the best characteristics of Gen Y to unite lawyers of all generations. "Millennials are motivated to make change and drive industry, but in a way that is more collaborative, more entrepreneurial, and more accepting of differences than ever before," says James Goodnow, who is also co-author of the leadership book *Motivating Millennials*. As president, the son of a "caring, ethical and understanding lawyer" wants to follow his father's example, in part by encouraging Fennermore Craig's tradition of "consistent commitment to supporting countless charities and service organizations throughout the state."

FUN FACT

Serves on the boards for Make-A-Wish Foundation and the National Kidney Foundation.
